Do what you love. Experience is the best teacher.

Come to Case and get serious about what you love. We are recognized nationally and internationally for rigorous academics, undergraduate involvement in faculty research projects and hands-on experiential learning opportunities. Our students are passionate about their interests and enthusiastic about real-world experience. So internships, work placements with well-known companies, accredited co-operative education and research projects are part of the curriculum. As a Case grad, you will emerge with in-depth knowledge in your area of interest, a network of contacts and the skills to become a leader in any field. You can even take advantage of our integrated programs and earn a graduate degree in less time than your peers.

Invest in your future. Hard work pays off.

A great education is a great investment. We admit $43,846 is a lot of money, but consider what you’ll get. Case’s experiential learning approach (our graduates ahead at their peers in terms of experience, connections to employers and—in many hot fields from engineering to nursing and management—starting salaries. However you measure success—placement rates, acceptance to graduate school, earning and a valuable resume—you’ll be a step ahead as a Case grad. To help you afford the elite education you deserve, we provide both need-based aid and merit scholarships that reward excellence.

8:1
Student-faculty ratio—one of the best in the nation

Where Case consistently ranks among national universities according to U.S. News & World Report
Your first semester. Departmental advisors, pre-professional advisors and career planning discussions with a Case faculty member—who will also be your advisor—in your first year. Not only will you find them here at Case, but you’ll quickly learn that they are committed members of the National Academy of Science and American Academy of Arts and Sciences.

Learn from the best. Find a mentor.

We go to college to learn from the best—best-selling authors and ground-breaking scientists, Win friends and influence people. Have fun.

With 85% of our 4,305 undergraduates living on campus, Case is small enough to feel like a close-knit community and big enough that you’ll find people who are into what you’re into. Get involved in dozens of student organizations, set up for one of our 19 varsity teams or just explore the campus’s rank for livability among American cities, according to The Economist.

With the nation’s most livable city. Our campus is located in the cultural oasis of University Circle—so go out to dig up the past at the Cleveland Museum of Natural History, listen to the world-famous Cleveland Orchestra at Severance Hall, ride the Rapid to the Q to cheer on LeBron or just bask in the warm sensations of a tropical rain forest at the Cleveland Botanical Garden (even in January).
